I. PURPOSE

Recognizing that student teacher programs can be of benefit to students, teachers and the teaching profession generally, the School Board authorizes the Superintendent to establish relationships with teacher training institutions so that teachers and interns can work in District 16 schools.

II. GENERAL STATEMENT OF POLICY

Procedures and rules shall be developed to clarify the responsibilities of the District and the sending institution in order to ensure the quality of instruction received by students as well as their safety and well-being.

To this end, all interns and student teachers must provide the district evidence of a background check at least one week prior to commencing their pre-professional experience in District 16.
