

Introducing Westwood's Academic Support Program.....

Panther Partners

Are you interested in a great volunteer opportunity? **Panther Partners** is a program that has been set up to support students and teachers in the academic process through basic skill building and enrichment activities. Volunteers are paired up with a teacher to work with students doing a variety of preplanned activities. The time commitment is flexible.

If you, or anyone you know (grandparent, senior citizen, neighbor), is interested in volunteering to help children succeed in school, please complete the bottom portion of this form and return it to Westwood Elementary as soon as possible or contact me at 763-784-8551.

Thank you for your interest in this academic support program.

Paula Lanoue
 Panther Partners Coordinator

Criminal Background Check Informed-Consent Form for Volunteers: The Spring Lake Park Volunteer Program requires volunteers to complete a Criminal Background Check Informed-Consent Form to protect our volunteers and students. Every volunteer must sign a form each year at each building where they will volunteer. The level of risk in a volunteer situation will determine whether a check will be done.
